

HALINA'S FOCUSES ON PRESERVING PATIENT

dignity and independence

Providing quality assisted living at affordable prices in the Tri-cities, Halina's Residential Home Care Services, LLC is dedicated to serving elderly and disabled individuals who can no longer live on their own.

Owner Halina Migo is a Registered Nurse with over 30 years experience in geriatric health care and mid-wifery. She has partnered with her son, Daniel, to provide a safe and nurturing environment for seniors by preserving their dignity and independence. A native of Poland, Halina established her business 27 years ago and wanted to steer clear of corporate-like assisted living facilities or nursing homes.

"Smaller is better ..." she says.

Halina says their private care homes foster a sense of home ownership for residents. A cozy "at-home" feel, Halina's is not a typical residential care and assisted living facility. Serving homemade food in a private house located in a quiet, established neighborhood within the community, residents can enjoy the amenities of the Tri-cities. All residents have the opportunity to stay active as staff

Halina's Residential Home Care Services, LLC owners **Halina Migo** and her son **Dan Migo** enjoy helping those in need.

Guests and their loved ones are invited to an annual Christmas party at Halina's for a night of food, fun and family.

transports them to the grocery store, area retailers, and local movie theaters.

Quality of care is how Halina's spreads the word about their dedication to improving the quality of life and superb care for residents who can no longer live on their own. Families of residents are not only pleased with the care, but the reasonable cost.

"We are about family and values," says Halina. "It's hard to place your loved one in the hands of someone else, and we do it differently. We will show you the difference by providing the best care."

Even after 30 years of service, Halina is still learning as each resident and situation calls for a new response or a different approach to care, yet one goal has remained constant: to provide peace of mind to families with caregiver-resident ratios that are unequalled in the industry.

"This is key to providing thoughtful, personalized care to each of our residents."

Affirmations from happy clients boast about the positive atmosphere, special attention to residents and excellent staff.

"Our family would like to thank you for the senior services you have provided our mother, Constance. The residential home atmosphere and excellent staff have provided a great living experience for her later years in life. The special attention you and your staff have provided to our mother has been greatly appreciated and we look forward to the same care in the future."

Thank You,
John, Rob and Bruce Carlson
